LAND ACKNOWLEDGEMENT

We ask you to join us in acknowledging the Tongva community, their elders both past and present, as well those of future generations. tongvapeople.com

WELCOME!

On behalf of the entire Torrance Cultural Arts Foundation, we would like to welcome you to the 2022-2023 season. In the last year, we confirmed what we have always known: some things are better when they are shared in person. We moved through the pandemic and its challenges as a united community, and TOCA was proud to help our friends and neighbors rediscover the joy of live performances. Our organization continues our mission to make the arts accessible to everyone and remains firm in our belief that they play an essential role in creating a more whole society.

Joining us in this mission are our supporters who share the same belief that the arts elevate a community and unite a people. TOCA is grateful for the generosity of those who make what we do possible: the City of Torrance, private donors, corporate partners, and our patrons.

With multiple venues and an exciting, eclectic program of performances, this season promises to appeal to a wide audience. We encourage you to become a season subscriber so you and loved ones can continue to be delighted by everything the arts have to offer. TOCA relies on the support from everyone who sees value in our mission, and there are many ways to give. Consider becoming a volunteer or committing to a one-time or regular monthly donation. The latter is as simple as texting TOCA25 to 44321.

I am honored to serve TOCA and our community as the new president this year. Together, we will continue the meaningful work that was started by visionary city leaders decades ago when they built the Armstrong Theatre. We look forward to sharing a season of new and familiar experiences with you!

Wendy Shu
President

Welcome to TOCA's 2022/2023 season. We are so excited to be able to continue our mission of bringing quality entertainment to the South Bay and beyond.

Our 21/22 season was filled with lots of fun and excitement. Just being back inside a theatre filled with arts supporters was exciting. Now, our 22/23 season, we are able to continue the fun with an eclectic line up filled with a diverse selection of artists.

Good news! TOCA's Studio Cabaret Series in the Nakano is back! While many restaurants are still struggling with staffing issues, we know that part of the allure of our Cabaret series is that it is a complete evening out. So while we aren't able to provide our usual buffet style dinners, we are able to offer phenomenal charcuterie boxes... and of course, treats from Torrance Bakery, TOCA Treats and more.

As always, if there is anything we can do to make your time with us more enjoyable, please let us know by emailing us at info@torrancearts.org.

The dance was made popular by the LGBT community, as it was used to express and celebrate who they were. Waacking involves striking arm movements, poses and emphasis on expressiveness.

I hope you enjoy the performance!

Sarah Austin

Sarah Austin has been singing since she could walk. She loves the feeling of being on stage and never shies away from a chance to perform. She has been in dance, guitar, and piano lessons, and has taught herself how to play the ukulele. Since elementary school, she was in choir, then a high school show choir called "Mariners," and finally an acapella group at UCSD called "the Beat." Now that there are fewer opportunities to perform as a working adult in UX/UI Design, she takes any opportunity to be on stage, whether it be an open mic or a talent show such as South Bay's Got Talent. She hopes to encourage others to find their love for music and the arts, and to spread positivity with the gifts that they have been given.

I was born and raised in Modesto, California, but I currently live in Los Angeles where I am studying music at California State University, Los Angeles. I was born with ASD (Autism Spectrum Disorder) despite that I don't let my disability prevent me from pursuing my dreams as a singer. I am currently involved in concert choir and chamber singers at Cal State LA, as well as the Heart of Los Angeles Intergenerational choir. I will be graduating in a few months this year with my bachelor's degree in music performance, and I will continue studying music either at Cal State LA again for my master's or at California State University, Northridge with a certificate in the music therapy program. I want to either become a music therapist where I can work in a medical field to sing to patients to make them happy, or a private vocal instructor giving basic singing lessons to everyone of all ages.
